PROFILE

Highly skilled Full Stack Web Developer proficient in ASP.NET and C#, with a proven track record of crafting dynamic, user-centric applications. Experienced in navigating RESTful APIs, implementing Entity Framework, and adept in the design intricacies of Repository and MVVM patterns. Committed to delivering innovative solutions and enhancing user experiences, my expertise lies in translating complex concepts into streamlined, scalable software. Exceptional problem-solving abilities coupled with a keen eye for detail define my approach, ensuring projects exceed expectations and drive measurable success.
